Vesicular inhibitory AA transporter  
(VGAT) SLC32A1

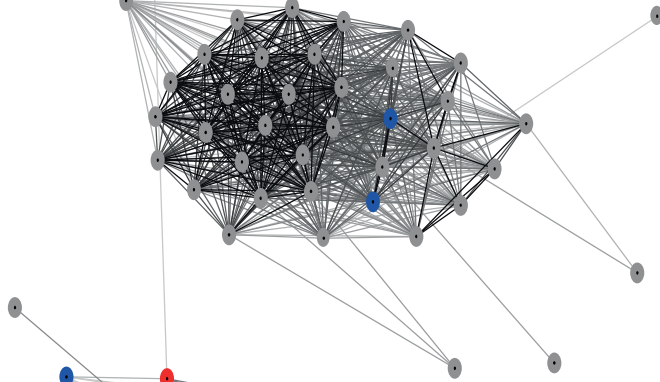

Na<sup>+</sup> coupled neutral AA transporter  
SLC38A9

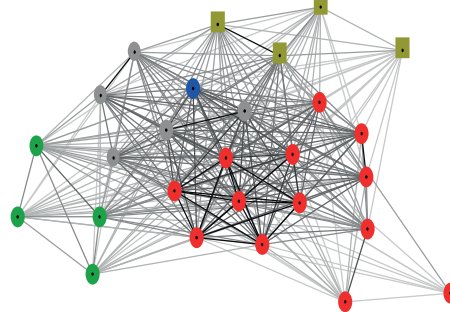

Na<sup>+</sup> coupled neutral AA transporter  
SLC38A10

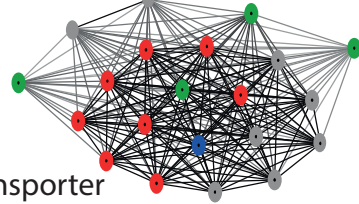

Na<sup>+</sup> coupled neutral AA transporter  
SLC38A1-5

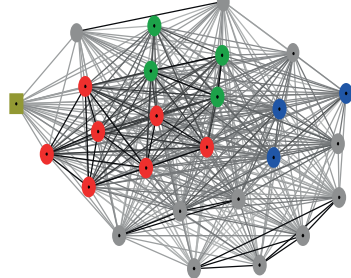

Uncharacterised AA transporters

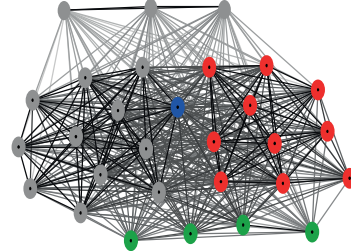

Transmembrane protein 104

Na<sup>+</sup> coupled neutral AA transporter  
SLC38A7-8

Na<sup>+</sup> coupled neutral AA transporter  
SLC38A11

Proton coupled AA transporter  
SLC36A1-4
